

## HOUSE REPEALS PROVISION OF CANAL ACT GIVING U.S. VESSELS FREE TOLLS

Majority of 86 Representatives In Support of Pres. Wilson's Personal Plea

VOTE ON BILL 247 TO 161

Many Democratic Chieftains Line Up In Open Opposition to President's Attitude on Measure

CLARK'S ORATORY IN VAIN

Washington, March 31.—The house of representatives tonight, after one of the most spectacular legislative struggles in the history of the nation, voted to repeal the provision of the Panama canal act exempting American vessels from the payment of tolls. The vote on the repeal bill was 247 to 161, a majority of 86 votes in support of the personal plea of Woodrow Wilson, president of the United States. This verdict on the issue which has absorbed congress for many weeks came at the close of a stirring day, made memorable in the annals of the house by a party division which found Speaker Champ Clark, Majority Leader Underwood, and other Democratic chieftains lined up in open opposition to the president on an issue which the latter had declared vital to his conduct of the nation's foreign policy. Tomorrow the bill goes to the senate where the fight will be renewed.

On the final vote 220 Democrats in the house stood by the president, giving him in "ungrading measure" what he has asked "for the honor of the nation" in its foreign relations. Twenty-five Republicans and two Progressives also voted to sustain the president. Fifty-two Democrats followed Speaker Clark and Leader Underwood to defeat in their steadfast determination that the president was wrong in his decision that toll exemption was a violation of the Hay-Panama treaty with Great Britain.

**Clark Makes Speech of Life.**  
Nothing, it seemed, could stem the tide of administration success. Speaker Clark, for nearly twenty-two years a member of the house, made the speech of his life to forestall what he termed unquestionable degradation of the nation.

President Wilson was at dinner when the result of the vote was announced. He was gratified, but made no comment.

In the senate the bill will be referred to the committee on inter-oceanic canals of which Senator O'Gorman of New York, a vigorous opponent of the measure, is chairman. Senator O'Gorman has said he would call a meeting of the committee at once to consider the bill. That there will be a fight in that committee is certain. How long it will be there cannot be predicted, but administration senators propose that a vote shall be taken by the committee within a reasonable time. Senator Owen is leading the fight for the president there. The committee will have many proposals before it, several of them in the nature of compromises, some of them resembling in motion of the house minority today to recommit the repeal bill and to repeal the exemption clause with a declaration that the United States should have complete sovereignty over the canal. This motion in the house was defeated by a vote of 232 to 176. It will be the aim of administration senators to have the repeal reach its final vote within two or three weeks.

**Scene in House is Unrivaled.**  
The scene in the house chamber when Speaker Clark yielded the majority leader was unrivaled in the history of American legislation. Never before within the recollection of the oldest member had the galleries been so packed with interested spectators. Outside the galleries the corridors were jammed with disappointed hundreds. On the floor nearly every member was in his seat. Even the senate had adjourned and scores of senators occupied seats on the floor.

It was a rare political stage setting that this throng witnessed. Standing before them, while Republican and Democratic members cheered him to the echo, was the sturdy, big framed, silver-haired speaker with resolution beaming on his countenance, his thin lips clenched tightly, his face pale and stern. Behind him pounding for order was Mr. Underwood.

The house moved to upbraid the speaker when the speaker said, referring to Representative Hardwick: "So far as the gentleman from Georgia is concerned I say 'Shoo! fly, don't bodder me. Shoo! fly, don't bodder me'."

the speaker's argument against the tolls repeal, his assertion that he believed the president was mistaken, his argument that the Canadian Pacific railroad and the Tehuantepec National railway would most profit by the toll exemption and his eloquent appeal against yielding anything to Great Britain. Holding the interest to the end the speaker remained a commanding figure, interrupted by applause constantly as he proceeded. When Speaker Clark finished the house rose en masse, Democrats, Republicans and Progressives alike cheered him.

QUESTIONS RIGHT OF JUDGE TO GRANT FREEMAN NEW TRIAL

NEW YORK, March 31.—The United States government, it was made known today by District Attorney H. Snowden Marshall, questions the right of Judge Mayer of the federal district court to grant a new trial to Albert Freeman while his appeal from his conviction was still pending in the United States circuit court of appeals. The point of jurisdiction will be contested by the government before the United States supreme court, it was declared. Freeman, Julian Hawthorne and Dr. William J. Morton were convicted by the federal district court of defrauding investors through the mails in the stock of Hawthorne Silver and Iron Mines, Ltd., and of other advertised undertakings.

Freeman was sentenced to imprisonment for five years in Atlanta. Hawthorne and Dr. Morton were sentenced for one year each and served their term but Freeman appealed from the conviction and set free temporarily on \$150,000 bail, fixed by the appellate court.

**CLAIM THEY WERE HIRED BY MAYOR TO HAUL REPEATERS**

TERRE HAUTE, Ind., March 31.—Three men, John Lindsay, Hubert Kintz and Edwin Wise, testifying for the state in the trial of Mayor Don Roberts, charged with frauds, today declared they had been hired by Roberts to haul repeaters during the registration last October and had been paid by him for the work. Lindsay and Kintz are chauffeurs, while Wise owns the garage where they are employed.

Chief of Police Edward Holler, who was sentenced to jail for contempt of court by Judge Charles M. Fortune today, was released tonight on bond of \$1,000 pending an appeal.

**REVIVAL OF ROOSEVELT RUMOR RECEIVES NO CREDENCE**

NEW YORK, March 31.—What appeared to be a roundabout revival of the rumor that some mishap had befallen Theodore Roosevelt in Brazil received no credence at the colonel's office here today. A vague dispatch purporting to come from Peru, said alarm was expressed there for his safety. Frank Harper, Colonel Roosevelt's secretary and who naturally would receive first information in the circumstances, pointed out that the whereabouts of the party, as recently reported directly by cable, indicated that telegraphic advices from the colonel could hardly reach Peru at this time.

**EXPERIENCES HEAVY STORM**  
Topeka, Kans., March 31.—A heavy storm, resembling in some vicinities a cloudburst fell over the eastern and central parts of Kansas today. It was accompanied, in most cases by hail.

At Coffeyville great hail stones fell, battering in roofs, smashing windows and demolishing scores of street lamps.

**TO TEACH STREET CLEANING.**  
New York, March 31.—A school in which street cleaning will be taught will be established here soon, according to Street Commissioner Featherstone's announcement today. The school will be modeled after the police and fire department schools.

**"ARMY" REACHES LINCOLN.**  
Lincoln, Neb., March 31.—A remnant of the original Kelly army of California reached Lincoln today thirty in number. Three officers of the "army" were met by Sheriff Myers on the outskirts of the city and the sheriff provided them with a supper and supplied them with enough to feed the privates. The men said they would show their appreciation of the good treatment by moving on their intended destination being Omaha.

**TESTIFY AGAINST DOUGHERTY.**  
Peoria, March 31.—Newton G. Dougherty, former superintendent of the Peoria schools forced the name of Mary E. Hay to a check in 1888, according to the testimony of Miss Hay today in Judge Green's court where Dougherty is on trial on a charge of forgery.

George M. Bush, assistant cashier of the First National Bank testified as to the payment of checks.

**SPECTRE RAISED BY CARSONITE METHODS ALARMS UNIONISTS**

Sir Edward Grey Proposes Federal System of Government for the British as a Solution of the Difficulty.

London, March 31.—The unionists are clearly alarmed at the spectre which the Carsonite methods has raised of an election fought on a platform of the parliament versus the army.

Even the moderate liberals are anxious to avoid such a struggle which it is foreseen would let loose a flood of passion exceeding even that which attended the agitation to abolish the veto power of the house of lords.

Hence the proposal of Sir Edward Grey, secretary of state for foreign affairs to the house of commons today of a federal system of government for the British as a solution of the difficulty which he put forward in a most conciliatory speech. The large body of opinion, both inside and outside parliament supports a settlement on the federal basis and a meeting of about fifty members of the house representing both parties was held today to discuss such a settlement. Viscount Morley's decision not to resign as lord president of the council pleases the liberals as his advanced age would have meant his permanent retirement from politics and the party would regret to see the veteran statesman retired under a cloud.

**PASTOR OF LOCKPORT CATHOLIC CHURCH DIES IN CHICAGO**

Father James J. McGovern Was Oldest Catholic Priest in Form of Service in Chicago Diocese.

Chicago, March 31.—Rev. James J. McGovern, pastor of the St. Denis Catholic church at Lockport, the oldest Catholic priest in point of service in the Chicago diocese, died tonight at Mercy hospital.

Father McGovern was the first native Chicagoan to be ordained a priest. He was 74 years old. Rev. Maurice J. Dorney, the stock yards priest who died recently, was a student in his boyhood under Father McGovern.

**URGE INVESTIGATION OF CAUSE OF A MYSTERIOUS SICKNESS**

ST. PETERSBURG, March 31.—Members of the duma are urging the appointment of a commission to investigate the cause of a mysterious sickness from which operatives of the tobacco and rubber factories are suffering.

More than seventy new cases were reported today in one tobacco factory and thirty in a rubber factory. The employees are leaving by scores.

According to the police the epidemic is the result of a plot to foment strikes.

**GIANT MANAGER IS KNOCKED DOWN BY HEAD OF HOUSTON CLUB**

HOUSTON, Texas, March 31.—A personal encounter between John J. McGraw, manager of the New York National league club and Pat Newnam, manager of the Houston club, of the Texas league, resulted today in the New Yorker being knocked down and badly bruised. The fight occurred at the baseball park just after the teams arrived for the day's practice and is said to have been the outcome of remarks on the coaching line yesterday which Newnam resented.

**MUST TAKE FURLOUGH.**  
Washington, March 31.—Director Ralph of the bureau of engraving and printing today served notice on the 4,000 employees in the government's money shop that every plate printer in the establishment must take 18 days furlough in the next three months. Congress has refused to allow the customary appropriation for new money and in consequence the fifteen million sheets of paper that are made into money will be reduced this fiscal year by five million sheets.

**USE OXYGEN ON WYDERHAUSER.**

Pasadena, Cal., March 31.—Oxygen is being used to prolong the life of Frederick Wyderhauser, multi-millionaire lumberman of Minnesota and tonight it was reported he was slightly better although strong hopes are not held out for his recovery.

Wyderhauser contracted a severe cold a week ago and signs of pneumonia appeared. He improved in a day or two but had a relapse last night.

**BENNETT BECOMES WORSE.**  
London, March 31.—A Cairo despatch to the central news says that James Gordon Bennett, the proprietor of the New York Herald after showing considerable improvement in his physical condition has become worse. It adds that physicians were in attendance on him throughout the night.

**NOT EVICTED BEFORE MAY**  
Houghton, Mich., March 31.—Striking copper mine workers living in houses owned by the mining companies will not be evicted before May 1st, it was announced here today by company lawyers.

**REPORT CLEARS GOVERNOR.**  
Montgomery, Ala., March 31.—Governor Emmet O'Neal today was cleared of connection with the defalcations of The Lacy, convicted of embezzling \$5,000 of state funds, in a report by the Montgomery county grand jury.

**TORREON HAS NOT YET FALLEN BEFORE REBELS**

CARRANZA GIVES OUT INFORMATION THROUGH CONFIDENTIAL AGENT

Report of Capture of City Causes High Excitement in Juarez—Herrera Leaves Torreon With Expectation of Meeting Federal Reinforcements.

Juarez, Mexico, March 31.—At 8 o'clock tonight General Carranza stated positively that while there was every reason to hope for the capture of Torreon, the town had not yet fallen and that the positions of the troops have not materially changed in the last 24 hours. This information was given out through Roberto V. Pasqueira, confidential agent of the constitutionalists and Alfredo Breceda, secretary to Carranza. They also traced to its origin the report this afternoon that the city had fallen.

Juarez became excited today when a rebel official exhibited to two Americans a telegram sent yesterday by Theodore Hamm, American consul at Durango, to Secretary of State Bryan. It said he had been informed that Torreon had fallen.

"The situation is a nutshell," said Senor Pasqueira, "is that the capture of Torreon seems certain, but no one can predict when."

**Reports Cause Excitement.**  
This city was thrown into a state of high excitement today when it was reported that Torreon had fallen, but the report failed of verification. The rebel officials telegraphed to Gomez Palacio asking General Villa if the news were true.

The operator there replied that he was under orders not to transmit any message of any kind. The first report had it that Marlon Lecher, United States consul at Chihuahua, had transmitted to Secretary of State Bryan a report from Vice Consul George Carothers, who has been at the front with Villa as a representative of the United States that Torreon was captured at 1:30 o'clock this afternoon.

On the heels of this some rebel official telephoned to the office of the Mexican and to the office of the federalists was officially announced. That something was wrong with the news began to be suspected when rebel officials were observed among the seekers of information. Singly and in groups they returned from General Carranza's office shaking their heads and went to the telegraph office. Here, too, verification was lacking and finally Frederico Gonzales Garza telegraphed directly to General Villa only to be informed by the operator that his message could not be handled.

A telegram from Villa to General Carranza sent this morning and given out this afternoon said that Villa hoped to announce the surrender of Torreon in a few hours. Another telegram purporting to come from Villa said he was meeting with desperate resistance in attempting to take the general barracks, the last position held by the federalists and the about to dynamite buildings in the neighborhood so that he could bring his artillery into play.

It was learned tonight that General Monclovia Herrera who has been engaged in the fighting at Torreon has begun a march eastward with the expectation of meeting federal reinforcements marching on Torreon from Saltillo.

At midnight, save for Herrera's departure, it was said the situation at Torreon proper was unchanged.

**Receive Official Telegrams.**  
Washington, March 31.—Three official telegrams were received at the state department tonight from Consul Hamm the American diplomat at Durango, Mexico, concerning the reported capture of Torreon by General Villa's forces. When they had been deciphered officials expressed the opinion that Torreon had not yet been taken by the constitutionalists.

The first two messages were dated yesterday and reported that the federalists were then evacuating Torreon. The third telegram, however was dated today and explained that the previous messages were "premature and unreliable." It added that large federal reinforcements were arriving at Torreon "from the east." It was explained that strong reinforcements for Torreon left Saltillo Sunday morning and were scheduled to arrive at Torreon tonight.

**Requiesce Federal Reinforcements.**  
Eagle Pass, Texas, March 31.—American ranchmen arriving here today from the Mexican interior reported that the constitutionalist forces under General Murguia have repulsed federal reinforcements under Colonel Acosta, trying to enter Torreon.

**Obtains Part of Loan.**  
Mexico City, March 31.—The government today obtained \$500,000 pesos from the banks of the \$5,000,000 peso loan just arranged. Rumors of a federal defeat at Torreon are common but no authentic news has been received.

**Call in Villa "Currency."**  
Aguila Prieta, Sonora, Mexico, March 31.—Orders prohibiting further circulation of the so-called Villa "currency" were received here today from Serapio Avirre, secretary of the treasury of the Carranza cabinet, who instructed constitutionalist officials in Aguila Prieta to transmit them to all insurgent officials in Sonora.

The principal reason for the orders was said to be the issuance by counterfeiters of bogus "Villa" bills amounting to 1,000,000 pesos.

**SECTION 56 OF THE MUNICIPAL COURT ACT UNCONSTITUTIONAL**

Governor Dunne Supported in His Belief by an Opinion by Attorney General Lacey.

SPRINGFIELD, Ill., March 31.—In a statement today Governor Edward F. Dunne declares it to be his belief supported by an opinion from Attorney General P. J. Lacey that section 56 of the municipal court act is unconstitutional. The act is one of the principal issues in the election at Chicago April 7th, when it comes before the people for a referendum vote on its adoption.

"The provisions of this act," says the attorney general, "do not purport to abolish the grand jury in all cases, but their effect is to give the municipal court discretionary power to abolish the grand jury in criminal prosecutions in that court."

"There is one other objection to the act," says Governor Dunne and that it gives any judge of the municipal court of Chicago power, in the application of any person to put any person charged with having committed a felony in the city of Chicago, on his trial, without the benefit of any preliminary examination and without any investigation by, or consultation with the attorney general or state's attorney. No such power should be given to any court or to any judge.

"Section 56 is not only unconstitutional," says the governor, "but would be, if enforced a serious invasion of the rights of citizens."

**NEW STATE HOSPITAL CAN BE SAFELY LOCATED ON ALTON SITE**

SPRINGFIELD, Ill., March 31.—The new state hospital for the insane can be safely located upon the selected Alton site according to a report made by Major Samuel Hof, U.S.A., and A. L. Bowen, secretary of the state charitable commission. There was considerable talk of changing the location of the new hospital following an explosion a few weeks ago at the plant of the Equitable Powder company in which one man was killed and several thousand dollars damage done to adjacent property. The land on which the hospital is to be erected adjoins that owned by the powder company.

**AUDIENCE WITNESSES PLAY WHILE FIREMEN COMBAT FLAMES**

MINNEAPOLIS, March 31.—While firemen battled with a blaze in a local theater and a street crowd witnessed their work, the audience inside sat throughout and witnessed the performance to the close. In the middle of an act fire was discovered in the upper part of the building and a still alarm turned in. The play was halted for a moment, while the manager announced to the audience that while there was a small fire in the front part of the building, no danger existed, the theater being absolutely fire proof. He said those who wished might then leave, but no one moved except a few boys who preferred to see the fire rather than the show.

**FARM HAND WHO BARRICADED SELF IN HOUSE IS OVERPOWERED**

JOLIET, Ill., March 31.—John Clyne, a discharged farm hand who since March 17 has barricaded himself in the stock farm of Dr. James W. McInnes Hall at Goodenow, near here, was overcome by a sheriff's posse tonight and locked in jail.

While the posse kept up a skirmish fire in front of the farm house where Clyne was on guard with a shot gun, Tom Stevenson, a deputy sheriff, entered through a rear window and took Clyne by surprise, overpowering him.

Clyne was discharged March 17 by telephone. He refused to accept his discharge and remained on the farm. Today when Harry Fluck, the new superintendent went to take charge of the farm, Clyne, armed with a shot gun, drove him away. A warrant was issued then for his arrest.

**INTER-OCEAN TO BE SOLD.**  
Chicago, March 31.—The sale of the property of the Inter-Ocean Newspaper company, now in the hands of a receiver was ordered today by Federal Judge Carpenter. Bids will be opened Monday and will be made returnable to Judge Carpenter April 13th.

J. R. Mooney was appointed receiver with H. H. Kohlhaas. He will have charge of the finances of the receivership and J. R. Kohlhaas will continue to direct the editorial policy of the paper, the court ordered.

## NEARLY 50,000 OHIO MINERS QUIT WORK FOR AN INDEFINITE PERIOD

**MISSING PHILADELPHIA BOY KICKED TO DEATH BY HORSE**

Anonymous Letter to Detective May Clear Up Mysterious Disappearance of Warren McCarrick.

PHILADELPHIA, March 31.—Warren McCarrick the seven year old boy who has been missing since March 12th was kicked to death by a horse attached to a farm wagon which was standing near the boy's home, according to a letter received today by Robert Cameron, captain of detectives.

The writer, who has not revealed his identity or the location of his farm, declares that the boy's hoop rolled under his horse and that when the child tried to get it he was kicked in the head. The farmer placed him in the wagon and started to drive to a hospital, according to the letter, but finding that the boy was dead, became panic stricken and took the body to his farm on the outskirts of the city and buried it.

Captain Cameron stated tonight that the farmer would not be prosecuted if his story is substantiated. McCarrick is convinced that the mystery surrounding his son's disappearance is solved.

**SOUTHERN WOMAN ADDRESSES EQUAL SUFFRAGE ASSOCIATION**

Declares That Women of the South Must Employ States' Rights in Their Campaign for the Ballot.

Des Moines, Iowa, March 31.—In the closing session of the conference of the Mississippi Valley equal suffrage association here today Miss Kate Gordon of New Orleans, declared that the women of the south must employ states' rights in their campaign for the ballot. The women of the south, she said, could not hope to gain suffrage by federal amendment even if it were granted, because of the peculiar condition of that section of the country. Miss Gordon's speech was intense and brilliant. She did not offer opposition to the Mississippi Valley association but said the southern women must work for the ballot through the southern women's organization of which she is president.

"I believe that every state has the right to say who within its borders shall have the right to vote without national interference," said Miss Gordon.

The split in the conference over the Shafter and the Bristow amendments did not appear today. The selection of the city to hold the conference is in the hands of the programme committee for action later.

**MAY BE NO SUBSTANTIAL CHANGE IN JAPANESE FOREIGN AFFAIRS**

WASHINGTON, March 31.—With the information that he had been unofficially informed that Viscount Keigo Kiyomasa had accepted the task of organizing a new cabinet in Japan, American Ambassador Guthrie called today a runner current in Tokyo that Baron Makino will be retained as minister of foreign affairs. This was taken to indicate that there will be no substantial change in the Japanese foreign policies, including the subject of the status of Japan in America as a result of a re-organizing of the Yama cabinet, but that the change would be reflected in international relations.

**PLANS LONG TRIP THROUGH THE CANADIAN FAR NORTH**

TORONTO, Ont., March 31.—A four thousand mile trip through the Canadian far north in the interest of science and a meeting with Vilhjalmur Stefansson early in July are planned by John Patterson, physicist of the meteorological service of Canada and representative of the international meteorological committee which was formed for the purpose of handling to advantage the data resulting from the Amundsen and Stefansson Arctic expedition work.

Mr. Patterson will leave this city in a few days for Edmonton and Athabasca Landing. He proposes to follow the route of the Slave river and will then descend the Mackenzie river to the Arctic sea.

**READJUST MAIL SERVICE.**  
Washington, March 31.—Readjustment of the railway mail service has been undertaken by the post office department to meet the reductions in train service on many of the railroads of the country. Several railroads out of Chicago already have eliminated their early morning trains. Resulting difficulty in delivering the early morning editions of newspapers will be met by arrangements to have the papers carried on interurban electric roads, or on competing railroads.

**PATRONS "CONSCIENCE STRICKEN."**

Toledo, O., March 31.—Officials of the Toledo Railway & Light company reported tonight that the patrons of the lines were becoming "conscience stricken" and that approximately eighty per cent of the passengers today paid five cents fares. The company continued its policy of allowing \$2 all who insisted on paying three cent fare to ride free. The fight is over the three cent fare ordinance.

**How Long Mines Will Remain Closed Is Still a Matter of Speculation**

**SIX WILL CONTINUE WORK**

**Close Observers Are of the Opinion That the Controversy Is Not Near a Hopeless Crisis**

**TO PROTECT ILLINOIS MEN**

COLUMBUS, O., March 31.—On the eve of a miners' holiday, the anniversary of the establishment of an eight hour day in this state—nearly 50,000 Ohio miners quit work for an indefinite time, the mines having been closed in accordance with orders issued yesterday by the coal operators.

How long the mines will remain closed was still a matter of speculation here tonight but close observers of the situation are of the opinion that the controversy is not as near a hopeless crisis as is generally believed.

It was learned here tonight that at least six operators in the state will continue operations until the miners have taken a referendum vote on the wage scale sent back to them by the Chicago conference.

Members of the executive committee of the Ohio district of the United Mine Workers of America were in conference here today, but they declined to make any statement at the close of the day's proceedings. President John H. Moore and Secretary G. W. Savage of the Ohio Miners left tonight for Bellaire, O., where a mass meeting of miners will be held tomorrow.

If the suspension of operations actually becomes seriously indefinite, labor leaders asserted that the blame for it will fall on the operators and not upon the miners. Having expressed their willingness, they declared, to continue work in the mines under the old scale until the result of their referendum has been determined, they are satisfied they have done their share toward averting the suspension.

It is expected that the results of the referendum will be completed by April 15th. Then the miners said they will be ready to resume negotiations for a new wage scale if deemed desirable.

**Law is Result of Shutdown.**

Cleveland, O., March 31.—With a few exceptions every coal mine in Ohio was closed down for an indefinite period at the close of work today. Local coal operators estimate that 50,000 miners are thrown out of employment.

At the last session of the Ohio legislature a law was passed providing for the payment of miners on a run-of-the-mine basis instead of the screen payment plan, which has always prevailed in this state. This law is the result of the shutdown. The miners had signified their readiness to continue at work temporarily but the operators have rejected the plan. The miners have fought for an anti-screen law for the past thirty years.

**To Preserve Illinois Markets.**  
Peoria, Ill., March 31.—Officers of the Illinois Mine Workers announced tonight that the Illinois miners would make every effort to preserve the markets of the Illinois coal companies in order that the men might be protected from a closing down of Illinois mines such as went into effect today in Ohio. Officials said that when the proposal to take some action in sympathy with the miners thrown out of work in Ohio was considered, the Illinois board was influenced by the fact that when a strike was on in Illinois in the past, coal from neighboring states where the miners did not strike had been shipped in to meet the demand.

The scale committee reported to the convention in secret session today. Officers of the union reported no radical changes would be favored by the Illinois miners in negotiating the contract which will take the place of that which expires tomorrow. The miners will meet the operators here in joint conference Thursday.

**Make Little Progress.**  
Philadelphia, March 31.—Little progress was made today by members of the sub-committee of operators and miners of the central Pennsylvania bituminous coal district in their negotiations to fix a new working agreement to take the place of the contract which expired tonight. Further conferences will be held tomorrow. Representatives of the operators declared against tonight that unless the old agreement is renewed before Friday all the mines in the district will be closed and work suspended indefinitely. About 38,000 union mine workers will be thrown out of employment.

**Will Continue Work.**  
Terre Haute, Ind., March 31.—Due to the decision of the Indiana bituminous coal operators at a meeting here tonight, 18,000 miners in Indiana will continue work pending negotiations for a new wage scale to replace the one which expires at midnight.

### SIMPLIFIED SPELLING.

by  
Prof J. C. Ames,  
of  
Illinois College

Illinois college has just published its annual catalog. It will be noted that the spellings used at times differ from those now common. This is because a majority of the faculty of the college, recognizing the unreasonable of our present spelling, and believing that reform is desirable, voted to support the movement for simplification of adopting the spellings recommended by the Simplified Spelling Board in its First and Second Lists.

This Simplified Spelling Board and its Advisory Council, made up of over 200 men of recognized standing as educators, scholars, writers and men of affairs, was organized in 1906-07, "to promote by systematic and continued effort the gradual simplification and regulation of English spelling." From time to time it has issued circulars containing lists of simplified spellings beginning with the more obvious simplifications and proceeding, slowly, step by step, to the more radical changes. No spelling has been recommended that has not been approved by two thirds of the members of the Board and of the Advisory Council.

These recommendations have aroused great interest and have already been adopted by many thousands of educators, philologists, scientists, men of letters, lawyers, physicians, clergymen and business men. It may surprise some to learn that the editors of the six great dictionaries of the English language—Webster's International, the Century, the Standard Oxford, the English Language, the Oxford, and Skeat's Etymological Dictionary—have approved the movement and are members of the Simplified Spelling Board.

In our own state the question of spelling reform has been considered by the faculties of 25 institutions of higher learning within the last two years. Of these, 15 have gone on record as favoring a spelling reform movement. Since the beginning of this year the Ohio State University, Buchtel College, Akron, Ohio, and Grinnell College, Iowa, and the University of Nebraska have endorsed the movement and adopted simplified spellings.

Why is it that this movement is making progress? The answer is obvious: Because the reform is needed and because the method is rational. This reform is not so much for our immediate benefit as it is for the countless millions of children who are hereafter to learn to spell, and for the social progress of the masses of people in the heterogeneous population of our country. It is a duty which we owe to society. Our present intricate and irrational spelling wastes a large part of the time and effort of our children, being in large part responsible for keeping them, for example, from one to two years behind the school children of Germany. It is even a greater detriment to the hundreds of thousands of foreigners whom it is our duty to convert into American citizens.

This reform must eventually be brought about by our public schools. They, however, feel that they cannot advocate simplified spelling until it is allowed and sanctioned by the institutions of higher learning. When these institutions adopt it the lower grades will be only too glad to teach it.

Consider for a moment the present condition in the schools and the immense educational gain which simplified spelling would secure. At present the school drill in spelling is probably the dulllest part of the work which the elementary teacher has to do. This is so because it is largely a matter of mechanical memorizing, without play for intelligence. The teacher feels in advance and the pupil soon comes to feel, that spelling does not go by rule, or logic or common sense, but is so merely because it is so. Why is there one f in if, but two in stiff? Why one g in leg and beg, but two in egg? Why must I put a b in doubt, but not in put or shout? Why must I attach to lamb and thumb, but not to ham and chum?

The child who asks such questions gets no comfort. And yet he has to ask them and more like them, and to receive a rational answer. It is a great misfortune, as many an educator has pointed out, that just when the child is beginning to reason by analogy, we repress the questioning and which aut to be encouraged and developed, and deluge him with irrationality. Must it always be so? Can we not do better?

Let us suppose that the child has learned to spell phonetically and that he receives with consternation the information that rough and enough are not spelled ruff and enuff and when he learns that dough is not duff and that cough is not cuff or to be naturally loses faith in association and analogy. Scholars have pointed out that the sound of e in let is represented in seven different ways; by e in let; by ea in head; by ei in heifers; by eo in Leopard; by ay in says; by ai in said; by a in many. And that is not all. The sound of long o is represented in at least thirteen different ways; so, boat, oe, oh, door, soul, though, low, owe, yeoman, sew, hautboy, beau. Analogies fail; rule is impossible. This spelling and the memory process needed to learn it produce confusion in reasoning and lack of confidence in inference. The child becomes afraid to reason in arithmetic, geography, history and grammar and grows to depend on memory in every study to the detriment of his progress in learning to think for himself. "The thing to do is to teach the child that he may spell guard without the u just as he spells card, hard, and that to do so is right, no not yet fashionable. The child who spells tung after the pattern of tung, hung, lung, sung, flung is really wiser and more sensible than his sophisticated elders who

spelt it tongue for no better reason than that the misguided pedantry of the sixteenth century made a mistake. We smile at the child, but the gods smile at us."

So much for the chief reason for simplification. There are many less important. "The printing, type-setting, and hand-writing of the useless letters which encumber our spelling, wastes every year millions of dollars, and time and effort worth millions more." The possibility, which many believe the probability, of the English language becoming the international language, because of its cosmopolitan vocabulary, and of its grammatical simplicity, is hindered mainly by one thing, its present intricate and irrational, difficult and cumbersome spelling.

Every reform begins with the opposition of sum part of the public. "The movement to safeguard the health of school children by the use of play, physical training, athletics and medical examination; the movement to elevate the teaching profession by requiring professional training and appointing and promoting on merit;—the movement to teach drawing and manual training; the movement to establish trade or industrial education; the movement to care for children who are defective mentally or physically, as the semblance, the deaf, the dumb, the blind and the crippled have all had the same history. They have been opposed, they have proved their worth by actual trial, and have been accorded increasing support. It will be so with simplified spelling."

"The progressive improvement of our spelling rests on the same intellectual basis as the progressive improvement of our roads, laws, schools, transportation, medical practice, or any other social utility. The desire to promote the general good is the highest motive known to modern man. We may differ in our estimate or in our vision, of what the general good requires, but when it is once clearly made out that a particular change in our present way of doing things will make for the general good in time to come, we have in the desire to bring about that change, a motive of the highest dignity and urgency. Let us call that motive, which in our day more and more dominates the lives of the men and women who are doing the world's work—the Social Reason."

The reader must not allow himself to be prejudiced by the old appearance of the above words. Let him consider, rather, whether the change will bring real gain; whether it is in the right direction—that is, toward simplicity, economy, regularity and reason.

**NEW AEROPLANE RECORD.**  
Johannisthal, Germany, March 31.—The German aviator Linpkeger, today established a new aeroplane record for height, reaching an altitude of 20,564 feet. The previous record was held by Legagneux who ascended 20,295 feet last December at St. Raphael.

**ITALIAN AVIATOR KILLED.**  
Turin, Italy, March 31.—An Italian army aviator, Lieut. Griffo, was killed today while attempting a somer-sault with an aeroplane.

**HAMMOND INDORSED.**  
St. Paul, Minn., March 31.—Congressman W. S. Hammond of St. James was indorsed by Minnesota Democrats in conference here late today as the party's candidate for governor at the primary election next June.

**Noises and Cancer.**  
Muffle all unnecessary noise, brilliant lighting, disagreeable odors and touch not. Last and most important, eat and drink no poison, even though it should savor of the nectar and ambrosia of Olympus. With the revivifying of the sensory nerves all the rest will sail in and become strong again. And then we may expect to find eyeglasses, ear trumpets and all such aids cast upon the trash heap. There will be nothing to cause irritation, and so we shall have no cancer.—Dr. J. A. Guthrie in Medical Journal.

**Food Habits.**  
"Food habits have queer boundaries," commented ex-Assemblyman Charles Sutherland at luncheon. "In Massachusetts people eat baked beans Saturday night, but not west of Worcester. Along the Connecticut shore an oyster stew is the regular Sunday morning breakfast dish. In Vermont they eat pie for breakfast—always apple pie. The scrapple habit is found only within fifty miles of Philadelphia.—New York World.

**Neck Shaving an Old Custom.**  
A study of the many necks to be seen on the walls of the National Portrait gallery enables one to state that the custom of neck shaving, although said to have been imported from America, was undoubtedly known and most likely popular in the days of Agincourt. The portrait of Henry V. shows quite clearly that his neck was shaved, and if the king did it, it must have been fashionable.—London Cor. New York Sun.

**An Absorbing Case.**  
"Old Sock says he never drank until after he was operated on for appendicitis."  
"His must be one of those peculiar cases where the doctors sewed up a sponge in the interior of their patient."—Houston Post.

He is best served who has no need to put the sword of others at the ends of his arms.—Rousseau.

### ILLINOI LODGE NO. 4 GIVES FIRST DEGREE TO THIRTY MEN

Large Class Initiated and Reception Held Tuesday Evening in Odd Fellowship Temple—Another Class May 26.

Thirty candidates were given the initiatory degree in Odd Fellowship by Illini Lodge No. 4, I. O. O. F., at a regular meeting of the order Tuesday evening at the Odd Fellowship Temple, East State street. A number of visitors were present and the meeting was a very enthusiastic one.

The candidates were Fred A. Carter, Lewis Sheeley, Albert Atherton, George Hacker, William Tavar, Ernest Sandberg, Ernest C. Ransdell, Harvey L. Davis, James C. Wood, LeRoy T. Potter, Harry Perry, Jr., Wesley Vineyard, E. J. Wiley, William Painter, Charles G. Edwards, Frank D. Massey, John Jenkins, John E. Pires, Glenn Goodall, Roy Burke, William Holley, Harry L. ## PRONUNCIATION OF "DRAMA" CAUSES MUCH DISCUSSION

Dictionary Give Various Ways of Pronouncing the Word and All Methods Seem to be in Style.

Considerable discussion has arisen of late among all classes of students, concerning the pronunciation of the word "Drama." Educated people who hear the word accented a little different from what they have been accustomed to hearing, immediately consult other authorities and other dictionaries, to see if there might be a new way of speaking the word.

The latest edition of Webster's International dictionary gives the pronunciation "dray-ma," with the accent on the first syllable. An exchange in telling of the various authorities says:

"A new edition of Webster's Collegiate gives 'dray-ma,' and 'dram-ma.'"

The new Standard gives 'dray-ma' and 'dram-ma.'"

The new Century gives 'dram-ma.' Fennell's Stanford Dictionary of Anglicized Words and Phrases, Fennell being a late fellow of Jesus College, Cambridge, gives 'dray-ma.'"

The Concise Oxford Dictionary gives 'dram-ma.'"

The Imperial Dictionary, another English authority, gives 'dram-ma.'"

It will be noticed that one of these authorities pronounce the word "dram-a" the pronunciation perhaps in most common use.

Derivation. "Drama" is not derived from "dram," although according to the tradition of some of the stars of another generation "drama" and "dram" were never far removed. The word is derived from a Greek word signifying a deed, an action represented on the stage.

But if you have been accustomed to pronounce the word "dram-a" you need not be without hope. Worcester's dictionary, an old edition, pronounce it "dray-ma," "dram-a," or "dram-ma," and the author quotes several authorities for each of these pronunciations, each authority being a more or less reputable dictionary maker.

400 Dictionaries. No authority was found for pronouncing the word "draw-ma," although it is quite possible there is such authority. Something over 400 dictionaries of the English language have been printed, beginning in 1499 with Richard Fraunce's and Friar Galfridus' "Promptorium Parvulorum, sive Clericorum Lexicon Anglo-Latinum Principes," to the 1913 editions to be found in our library. Go to them and perhaps you can find a number of pronunciations not mentioned here.

Fashions. The newer authorities sanction only two pronunciations, "dray-ma" and "dram-ma." The preponderance of authority is for the last mentioned pronunciation, that is Webster's, the Century, the Imperial and the Oxford dictionaries. The Standard also sanctions both. Fashions change in pronunciation as they do in spelling and clothes. The prevailing style in drama at this moment is "dram-ma."

## SERVICES AT CENTENARY.

Pastor Preaches Forceful Sermon on the Rich Young Ruler.

There was a good audience present last night at the special services which are being conducted nightly at Centenary church by the pastor, Rev. George W. Flagg. He spoke last night from the text, Matthew, 19-23, "It is hard for a rich man to enter into the Kingdom of Heaven." The story is that the rich young ruler who came to Jesus, seeking the better life. The pastor last night stated that it was the hardest problem a young man ever faced, one that demanded courage and strength of character and faith. He showed how hard it was for a person to be righteous, who trusted in the riches and things of this world. But for the man or woman, who will meet the demands, make the sacrifice, the reward will be ample pay. The manner in which the speaker presented the subject impressed his hearers with its great truths.

The subject for tonight will be "Men Who Wore Veils."

## IN MEMORIAM.

James Melvin Ward, little son of Mr. and Mrs. Almus Ward, was born January 15, 1910, and departed this life Sunday evening, at the home of his grandparents, Mr. and Mrs. S. J. Ward, of Yatesville, at 9:30 o'clock, aged 4 years, 2 months, and 14 days. His illness was brief but full of suffering. Little Melvin was a bright little boy, much admired by all who knew him, and he will be sadly missed. "The Lord giveth, and he hath taken away. Blessed be the name of the Lord."

Besides the parents and grandparents, one little sister is left in deep sorrow.

Funeral services were held at the home of S. J. Ward, Tuesday morning at 11 o'clock, conducted by Rev. C. E. French of Virginia, after which the little form was taken to Yatesville cemetery, and laid to rest. The bearers, were George Harris, Lloyd Green, Olin Green, and Carl Yancy.

**PRESIDENT WILSON'S STRENGTH**  
The passage by congress of the Sims bill repealing the tolls clause of the Panama canal act emphasizes very distinctly the hold which President Wilson has upon his party. It has been recognized for weeks that in the action to be taken on the tolls question the power of the administration would be put to the supreme test.

With Speaker Clark, Majority Leader Underwood, Minority Leader Mann, Progressive Leader Muddock and other men powerful in the lower house arrayed against him, President Wilson has still been able to so marshal his forces as to carry the day. Not on any question for a long period has there been such a breaking up of party lines and when the vote came yesterday some of the staunchest supporters of the president, in other policies, were lined up against him yet the majority in favor of repeal was 86, the vote being 247 to 161.

When President Wilson went into office the feeling was expressed freely in some quarters that he would not be able to handle congress. In other quarters the statement was heard that he had no desire to dictate the course of congress but would follow the course he deemed to be right and would leave the duties of enacting or repealing legislation to the law making body. There can be no doubt however that the president has repeatedly been the motive power which put through certain pieces of legislation and in championing the Sims bill and winning so signally he has proven his power of generalship beyond a doubt.

Those who know the president intimately believe that in mapping out his course in this matter that he has been actuated by the highest motives. He believes the Panama canal is a world possession and that while America has spent \$400,000,000 of its own money for the great work that the canal was built for the world and must be operated for the world.

The whole question of tolls is a question respecting the construction of the Hay-Pauncefote treaty. The arguments advanced by those who favor the exemption of American coast-wise shipping as provided in the canal act briefly are (1) that the Isthmian canal convention, entered into with Great Britain which cleared the way for the construction of the canal, has been automatically abrogated by the changed conditions which arose when the United States acquired the canal zone; (2) that the words "all nations" in the convention means "all other nations" and (3) that the requirement of equality of treatment is not violated because there can be, under our shipping law, no vessels engaged in coast-wise trade save American vessels.

President Wilson has recognized the urgency of these arguments but has denied their validity.

### WILL BEGIN WORK AT ONCE ON NEW ICE MAKING PLANT

Contract for Building Let to Joseph DeGoveia—Ice to Be Made From Exhaust Steam of Jacksonville Railway & Light Co. Power House.

Joseph DeGoveia was notified Tuesday morning that he had been awarded the contract for constructing the ice plant building at the corner of South Sandy and Anna streets which W. B. Miser and his associates have planned for operation in conjunction the Railway & Light Co. power house on South Main street. Workmen were engaged Tuesday in preparing the ground and excavations for the foundation will probably be begun Wednesday morning. The output of the plant will be handled here by the R. A. Gates Fuel & Ice Co., and a market for the ice will probably be found also in near by towns.

Mr. DeGoveia's bid for construction was \$9,880, which with the machinery and equipment will bring the total cost of the plant to \$25,000. The ice making machinery will be furnished by the Ball Co., of St. Louis. The plant will have a capacity of thirty-five tons per day and will be electrically driven. The ice will be manufactured from exhaust steam supplied by the company plant.

Following are the other contractors who submitted bids and their estimates: M. G. Fernandes, \$12,717.50; Vasconcellos & Sons, \$10,201; William C. McCullough, \$9,998.

### THE LONG-TIME CAR

**REO THE FIFTH**  
may demonstrate no better than some lesser cars. It may even look no better. But the chassis is built, in the hidden parts, like no other car in this class. And the results will show in time.

Reo the Fifth is built to endure. It is built for safety, for low cost of upkeep, for long years of perfect service. The man who builds it has for 27 years been learning how to better cars.

### TAKES SIX WEEKS

It takes six weeks to build Reo the Fifth. Days are spent on tests and inspections rarely applied to cars. Days are spent to get utter exactness, by grinding and regrounding. All steel is twice analyzed. The most radical tests are applied to each part. All driving parts are made to meet the requirements of a 50-horsepower engine. That means 50 per cent over-capacity, at least.

We use 130 drop forgings—15 roller bearings. At much extra cost we use a clutch which prohibits clashing gears. And gears are shifted by a three-inch movement of the hand.

To get super-strength and freedom from trouble we add about \$200 to the necessary cost of each car.

### MUST STAY NEW.

To prove out this car in every part we keep test chassis running on the road. They are run night and day at high speed. After 10,000 miles we take the car apart and inspect.

REO MOTOR CAR COMPANY, LANSING, MICH.

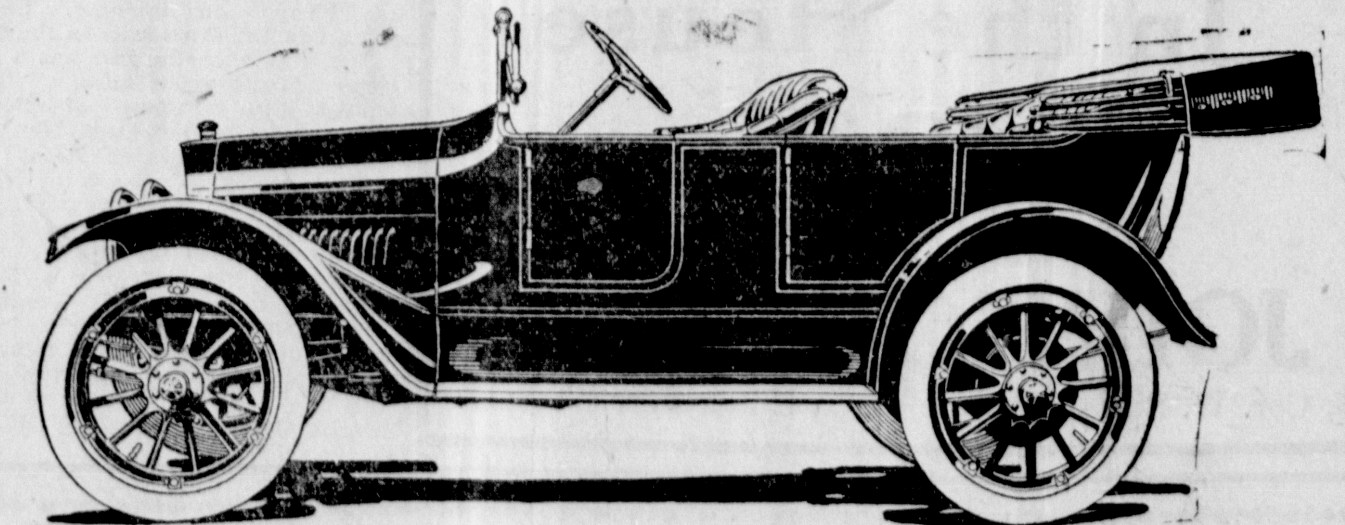

### NEW FEATURES.

This year we give you the streamline body. We give you the best system of electric starting and lights. We give you dimming searchlights, and many new ideas in equipment.

And we give you a price of \$220 less than last year, with electrical equipment. This is due mainly to the fact that all our special machinery has been charged against previous output.

This car will save the average user hundreds of dollars because of our extra care. And legions of men know this.

## MODERN WOODMEN WILL HOLD COUNTY CONVENTION TODAY

Delegates From Various Camps Will  
Elect Delegates to State Camp—  
Insurgents Are in Complete Con-  
trol—The Rock Island View.

This afternoon at 2 o'clock the  
Morgan county convention of Mod-  
ern Woodmen will be held in their  
hall on the south side of the square.  
At this time three delegates will be  
chosen for the state convention to  
be held in Springfield next month.  
The national convention will be in  
Toledo in June. There will be sev-  
enty delegates in all and it is under-  
stood that the so-called insurgents  
have complete control in this coun-  
ty and that there will not be a  
dissenting voice today. The dele-  
gates thus far made known are as  
follows:

Delegates to Convention.  
Unity Grove Camp No. 132—  
Thomas J. Bronson, Eugene D. Py-  
att, William J. Brooks, Louis Con-  
ners, Pat Fox, John I. Lyons,  
Charles Glossop, Charles Duffer,  
Stanford Baldwin, Ira M. Enoch,  
Thomas H. Rapp, William H. Pal-  
mer and B. Frank Ragsdale. Alter-  
nates: Louis Gause, W. E. Thom-  
son, E. E. Hatfield, John Buck, C.  
C. Carter, C. A. Boruff, L. Piepen-  
bring, George Rapsilber, Abe Reid,  
John L. Tayman, Charles Rabbjohn,  
L. H. Pratt and E. Henderson.

Camp No. 912—H. H. Vasconcel-  
los, J. B. Shaw, E. M. Vasconcellos,  
Joshua Vasconcellos, John W. Bap-  
tist, John W. Leggett, Joseph W.  
Mann, Charles R. Reinhardt, New-  
ton Angel, C. R. Knollenberg, Frank  
D. Martin, William C. Sperry, Vin-  
cent Vieira and William A. Moore.

Literary—Joseph A. Liler and  
W. E. Murry.

Sinclair—L. J. Stewart and Crit  
Handline.

Meredosa—W. L. Wilday George  
Mayes, W. A. Steplin and J. F.  
Brookhouse.

Murrayville—C. N. Wright, Ar-  
thur Seymour, Bert Millard, Walter  
Riggs, J. E. Thompson and Noah  
Ornall.

Prentice—George Dewese and J.  
H. Hubbs.

Chapin—W. S. Brownlow, F. P.  
McKinney, L. C. Brownlow and W.  
W. Woodard.

Concord—T. W. Murphy, R. H.  
Challiner and W. E. Beddingfield.

Franklin—F. H. Wyatt, W. E.  
Mayfield, George Hayes, Fred Rob-  
erts, J. L. Hills and William J.  
Woods.

Waverly—H. L. Turner, L. I.  
Farrington, A. D. Batty, Abe L.  
McCham, W. O. Newberry, Edward  
Turner and Godfrey Romang.

Alexander will have no delegates  
and Nortonville, Lynnville and  
Woodson have not yet reported  
their delegates.

The following letter will be read  
at the convention today:  
As Rock Island and Rock Island  
County See It.

Neighbors:  
This city and county is the home  
of the Modern Woodmen and we see  
and understand things which you  
cannot realize unless you were here.  
We can't explain them of this little  
piece of paper, but you will under-  
stand they look had to the mem-  
bers in the home office city, when  
we tell you that twenty-five camps  
out of twenty-seven camps in the  
home office city and county elected  
delegates and passed resolutions  
against all head officers.

Major Hawes Camp, No. 129, by a  
vote of 278 to 47, elected delegates  
and passed resolutions against them.  
They used every means to prevent  
the election of insurgent delegates  
and instructions against the head of-  
ficers, but failed in every camp, ex-  
cept in the camp in the head office  
and the Van Gilder camp, which was  
called at 5 o'clock in the afternoon.  
They used every means to get mem-  
bers to attend meeting the night we  
elected the delegates and with from  
forty to ninety per cent of members  
present, they tried to prevent in-  
structions against them, but failed.

Neighbors, this is what we have  
done trying to save the order—  
won't you help? If so, select dele-  
gates who are against them.

Yours fraternally,  
Phil S. Wilcher, Pres.  
R. I. County Assembly.

A HAPPY GATHERING.  
J. A. and Dr. A. E. Overmeyer  
returned yesterday from the celebra-  
tion of the sixtieth wedding anni-  
versary of their parents at Win-  
chester. There were present of the  
children the two gentlemen men-  
tioned, Mrs. H. A. McKean of Spring-  
field and Mrs. A. H. Owings. Mrs.  
McKean was accompanied by her  
husband and daughter and A. C.  
Smith of Winchester, husband of the  
only deceased member of the family  
of ten children, was also present.  
The other five children are scatter-  
ed over a large part of the land, but  
all managed to get letters of con-  
gratulation to their aged parents  
and in addition letters were receiv-  
ed from all other relatives by mar-  
riage or otherwise.

The day was most happily spent  
and though somewhat burdened with  
a weight of years the venerable Mr.  
and Mrs. Peter Overmeyer were fully  
able to enjoy the occasion most  
thoroughly.

In addition to the letters received  
a circular missive is on its way and  
will soon reach them and will con-  
tain a communication from about all  
the descendants and members of  
their families.

## Outward Signs

BY WALT MASON

A man may be a great physician,  
and have no hangdowns on his face,

although for ages  
fool tradition  
kept smooth-faced  
doctors in dis-  
grace. The saw-  
bones had to  
long spasm  
when he prescrib-  
ed for fussy  
cranks, or he  
would shortly  
see his finish,  
and go to join the  
has-been ranks.  
A man may be a  
noble poet, and  
have a haircut twice a year; though  
cards like hair, they need not grow  
it to advertise their business here.  
When minstrels sang in leafy ar-  
bors their pastorals, in olden times,  
they knew that visits the barbers  
would knock them out of many  
dimes; but times have changed, and  
now the Milton may cut his hair and  
wear store duds, and prime him-  
self for further liltin' by eating por-  
terhouse and spuds. A man may be  
a mighty painter, and yet resemble  
Grocer Smith; he need not wear a  
necktie quainter than Farmer Brown  
is togged out with. And thus we  
see the world grows wiser, and men  
are judged by what they do; no  
more the grand stand advertiser can  
come and put his coarse work  
through.

THIS IS MY 53RD BIRTHDAY

Charles H. Burke.

Charles H. Burke, who has de-  
feated Senator Coe I. Crawford for  
the Republican nomination for Uni-  
ted States senator in South Dakota,  
was born in Genesee county, New  
York, April 1, 1861. He received  
an academic education in his home  
state and at the age of 21 removed  
to Dakota territory. He studied law  
and was admitted to the bar in  
1886, but after a few years of prac-  
tice abandoned the legal profession  
to engage in the real estate and in-  
vestment business. Mr. Burke's pub-  
lic career began with his election  
to the South Dakota house of rep-  
resentatives in 1894. In 1899 he was  
elected to congress on the Republi-  
can ticket. He has served in the  
national house of representatives  
continuously since that time, with  
the exception of the Sixtieth Con-  
gress. Mr. Burke represents the  
"stalwart" faction of the Republican  
party in South Dakota, as opposed  
to the "progressive" element to  
which Senator Crawford belongs.

### C. & A. PRESIDENT HERE.

Inspects Local Property on Trip Over  
This Division Tuesday.

President Baird of the Chicago &  
Alton, accompanied by S. P. Hend-  
erson, superintendent of this di-  
vision, and W. F. Schumann, train-  
master, was in the city Tuesday, ar-  
riving in a special train at noon.  
After inspecting the local property  
Mr. Baird went on to complete the  
inspection of this division.

### RAILROAD NOTES.

Clifford Mansfield of the Chicago  
& Alton freight house, is laid up  
with illness.

The Burlington is entering on a  
policy of retrenchment in earnest. It  
has laid off two train dispatchers  
at Beardstown; one operator at the  
relay house at Renfrew; aday op-  
erator at Waverly; J. W. Wharton,  
day operator at Franklin; a third  
trick operator at Virden; two trick  
operators at Litchfield; a day op-  
erator at Sorento; two trick operators  
at Christopher; one trick operator at  
Girard; three trick operators at block  
104 north of Arenzville; two trick  
operators at Heron Junction; four  
freight crews at Centralia; two trick  
operators at Sessler.

The station at Ayers has been  
closed and there is a rumor that  
the yard offices at Beardstown will  
be closed.

Mrs. H. V. Sleahower, wife of the  
Burlington operator at Girard has  
returned home after a visit with Mrs.  
H. E. Fry on North Main street.

April 1st, several Chicago & Alton  
train dispatchers will be taken from  
Kansas City; one will be taken from  
Bloomington and stationed at Rood-  
house; and one at Slater.

E. C. Strandberg of the C. P. &  
L. station force has returned from  
a visit with friends in Chicago.

At the Car Shops.

Scarcely anyone was working yes-  
terday, the shops having virtually  
shut down since Friday.

A new tank is being constructed  
for engine 41.

George Groszitz and William Cran-  
dall are making the welkin ring  
with the pneumatic riveting machine  
on the 41 tank.

A veteran of the shops is Henry  
Scott who has been on the force for  
nearly thirty years. Just 39 years  
ago yesterday he was happily married  
to Miss Matilda DeFrates and is  
the father of six children; Clarence  
who works at the shops; John, in the  
employ of the bridge works; Henry,  
who works at the shops; Mrs. Essie  
Sours. Mrs. Jennie Vieira and Haz-  
zel at home. He is a faithful employee  
and is well preserved as he has al-  
ways had good habits.

Mr. Yeck and his assistant and two  
others held down things in the black-  
smith shop yesterday while the coach  
horse was deserted, as well as the  
boiler shop and few in the machine  
shop. Work is to be resumed in full  
force today.

The coach which was overturned

MOVING BIG BOILER.

The great boiler which is to be  
added to the equipment at the munici-  
pal light plant is being moved from  
the Wabash tracks to the city prop-  
erty by Jacob Cohen & Son. As the  
boiler weighs 33 tons it is certainly  
a big task that is underway and it  
will be a day or two before it is  
completed. The boiler now is on skids  
on Sandy street in the rear of the  
city building. Apparatus such as is  
used in house moving will be utilized  
to move it across the vacant lot to  
the foundations.

THIRD WARD MEETING.

The teachers of the third ward  
will have charge of a program  
which will be given at the Franklin  
school this afternoon at 3:30 o'-  
clock. The public is cordially invit-  
ed.

### OBITUARY.

Davison McCabe, about 65 years  
of age, a resident of Hopedale, died  
at St. Clara's hospital, Bloomington,  
March 25, at 10 o'clock after an  
illness of about one year.

Mr. McCabe suffered from Bright's  
disease and was taken to the hospi-  
tal June 20, 1913. He almost re-  
covered at one time, but pneumonia  
set in and caused his former ail-  
ment to return. Deceased was born  
in Tennessee and had been a resi-  
dent of Hopedale, Ill., for the past  
45 years. He was a ditching con-  
tractor and was a man of large sta-  
ture. He weighed nearly 250  
pounds and was six feet five inches  
in height. A special casket was ne-  
cessary, as the ordinary casket is six  
feet 3 inches in length.

Mr. McCabe had been a widower  
for many years, his wife having pre-  
ceded him in death 25 years ago.  
He leaves one son, Frank McCabe,  
of St. Paul, Minn., a train dispatcher  
for the Northern Pacific railroad.

He is also survived by one brother  
and four sisters, Joseph McCabe of  
Murrayville, Ill., Mary McCabe of  
Danville, Ill., Sarah McCabe of Peo-  
ria, Ill., Mrs. Amanda Sumers and  
Miss Emma McCabe of Osborn, Mo.

Mr. and Mrs. Frank McCabe of  
St. Paul, Minn., came to the city to  
make arrangements for the funeral.  
The body was shipped to Hopedale  
Friday morning, where the services  
were held Saturday. Burial was  
made in the Sparrow cemetery at  
Hopedale. The Masonic order, of  
which Mr. McCabe was a member,  
had charge of the services.

NOTICE OF EXAMINATION.

An examination for teachers' cer-  
tificates will be held at my office in  
the court house on Friday and Sat-  
urday April 10th and 11th. Work  
will begin promptly at 8 o'clock,  
morning.

H. C. Montgomery,  
County Superintendent of Schools.

CONCORD SUNDAY  
SCHOOL CONTEST.

The seven weeks' attendance con-  
test at the Concord Christian Sun-  
day school came to a close last Sun-  
day, the 29th. The school was di-  
vided by State street, running north  
and south through the town and  
wagon road known as the Jackson-  
ville and Beardstown road. The fi-  
nal result showed 1,042 for the east  
side and 1,134 for the west side,  
or a majority of 92 points for the  
west side. Both sides worked hard  
for success and the result was ac-  
cepted with good grace by the los-  
ers. The east side was officiated by  
Earl and Roy Abernathy. The west  
side by Jesse Morrison, Adelia Bay-  
less and Mrs. Ollie Morrison. The  
attendance jumped from 69 to 172.  
People who had not been in Sunday  
school for years came and took ac-  
tive part in the study of the lessons.  
The roads, weather and sickness pre-  
vented a larger attendance, yet the  
close was simply great. The losers  
are to banquet the school.

STRENGTH FOR OLD PEOPLE

A Simple Remedy Which Favors  
Longevity.

You act as though you just won-  
dered how you are going to get  
through this trying season and do  
your work.

You may be overworked or have  
had a bad cold which has left you  
without strength, ambition or much  
interest in life; in fact you are all  
run-down.

Let us tell you what Vinol, our de-  
licious cod liver and iron tonic, is  
just the remedy you need to rebuild  
wasting tissues and replace weak-  
ness with strength.

A prominent Boston lawyer says:  
"My mother, who is 76 years of age,  
owes her good health to Vinol, as  
since taking it she can walk farther  
and do more than she has for years."

I consider it a wonderful blood  
making and strength creating tonic.  
We have such faith in Vinol that  
if it does not quickly build you up,  
restore your strength and make you  
feel well again, we will return your  
money. Try Vinol on our guarantee.

—Lee P. Alcott, Druggist, Jack-  
sonville, Ill.

## SCALY PSORIASIS ON ARMS AND LIMBS

Small Dots Grew Larger. Scales Formed. Looked Horrible. Cuticura Soap and Ointment Cured.

Troop H. 6th U. S. Cavalry, Camp McCoy, Sparta, Wis.—"I was troubled with psoriasis for nearly two years. Portions of my arms and limbs were affected mostly with it. It appeared in scaly form, breaking out in very small dots and gradually grew larger and white scales formed when about the size of an ordinary match-head. The looks of it was horrible, which made it very unpleasant for me. It itched a little at times."

"I tried several remedies, but the trouble seemed to grow worse instead of better, and I tried several treatments which cured me for a month, but it always broke out again. One day a friend saw the advertisement of Cuticura Soap and Ointment in the paper and I sent for a sample. They helped me, so I purchased two more boxes of Cuticura Soap and Ointment and some Cuticura Soap and they completely cured me. It took three months for Cuticura Soap and Ointment to complete my cure." (Signed) Walter Mahony, Oct. 22, 1913.

Although the Cuticura Soap and Ointment are most successful in the treatment of affections of the skin, scalp, hair and hands, they are also most valuable for everyday use in the toilet, bath and nursery, because they promote and maintain the health of the skin and hair from infancy to age. Sold everywhere. Liberal sample of each mailed free, with 32-p. Skin Book. Address post-card "Cuticura, Dept. T, Boston."

Men who shave and shampoo with Cuticura Soap will find it best for skin and scalp.

## Planning for the Stork's Arrival

Among those things which all women should know of, and many of them do, is a splendid external application sold in most drug stores under the name of "Mother's Friend." It is a penetrating liquid and many and many a mother tells how it so wonderfully aided them through the period of expectancy. Its chief purpose is to render the tendons, ligaments and muscles so pliant that nature's expansion may be accomplished without the intense strain so often characteristic of the period of expectancy.

"Mother's Friend" may therefore be considered as indirectly having a splendid influence upon the early disposition of the future generation.

Whatever induces to the ease and comfort of the mother should unquestionably leave its impress upon the nervous system of the baby.

At any rate it is reasonable to believe that since "Mother's Friend" has been a companion to motherhood for more than half a century it must be a remedy that women have learned the great value of.

No more timely advice could be given the inexperienced mother than to suggest the daily use of "Mother's Friend" during the interval of expectancy.

Ask at any drug store for "Mother's Friend," a penetrating, external liquid of great help and value. And write to Bradfield Regulator Co., 502 Lamar Bldg., Atlanta, Ga., for their book of useful and timely information.

The effect of this splendid external application is an expression of the thousands of women who have successfully used it and recommended it through two generations.

## MARKET LETTERS.

**East St. Louis Market.**  
National Stock Yards, March 30.—Blakely-Sanders-Mann company, live stock commission merchants at National Stock Yards, Ill., say:

Cattle receipts were unusually light today, amounting to 1,800, mostly natives. This was hardly a large enough supply to interest all the buyers, as the number was insufficient to make kills. The offerings of beef steers were very light and quality ordinary, the market strong to the higher. Good to choice heavy steer cattle are selling from \$9.00 to \$9.50 when they come. Fair to right good steers largely from \$8.00 to \$8.50; while the medium fatter grades are selling largely from \$7.35 to \$7.75, owing to quality and finish. Prime yearling steers and choice light weight butcher heifers are selling from \$8.75 to \$9.25; fair to good butcher heifers, if light weights \$7.50 to \$8.25; weightier kinds weighing 750 pounds and above are selling largely from \$7.25 to \$8.00. Choice heavy cows, \$7.00 to \$7.25; good fat cows, \$6.50 to \$6.75; cutters up to good killing cows, \$5.50 to \$6.25; canners largely \$4.25 to \$4.50. Stockers and feeder receipts light, the market strong on all kinds. Hog receipts today were 10,000, which was not a very heavy supply for Monday. The market was steady except on pigs, which were 15 to 25c lower. Quote you good to choice hogs \$8.70 to \$8.80; light to good mixed, \$8.50 to \$8.70; rough packers, \$8.25 to \$8.40; good weight pigs, \$8.00 to \$8.40; light pigs, 7c to 8c. Don't believe receipts will be very heavy the next few days and think the market should be about steady.

The supply of sheep was very light; good lambs sold about a quarter higher; good to choice lambs \$7.75 to \$8.00; fair to good, \$7.00 to \$7.50; prime sheep largely \$5.75 to \$6.75, could be good enough to bring \$6.25.

**Kansas City Market.**  
Kansas City Stock Yards, March 30.—Shipments of stockers and feeders last week were 8,500 head, about 2,500 less than during the same week last year. The decrease was partly due to smaller supplies of cattle, but more to lack of demand, as there was a good hold over remaining at the end of the week. Prices declined 10 to 25 cents the last half of the week, but trade remained somewhat. Receipts today are 13,000 head, and prices are largely 10 to 15c lower, including stockers and feeders. The slack inquiry from the country is a surprise to commission men, particularly at this time, when grass is at hand, and most sections deficient in cattle. The sluggish action of the beef cattle market offers little stimulus to buyers of stockers and feeders, but the question of replenishing foundation stocks of cattle is one that should be decided by looking farther ahead, and bears little relation to present condition of cattle markets. Some pretty good 800 pound cattle purchased last Thursday at \$6.80 were exactly similar to steers that cost \$7.10 two weeks previously, and \$7.25 cattle the same day were like \$7.50 cattle the previous week. Tops in the last week have ranged from \$7.75 to \$8.10, as compared with \$8.00 to \$8.15 at this time last year. After the decline today, sales of stockers and feeders ranged from \$6.50 to \$7.75; some fancy stock calves, \$8.40. There has been a great demand for heifers and cows of the springer class, prices of which have held up steady. One Dakota man is trying to fill an order for 4,000 head, and other orders came from a wide territory; sales largely at \$5.50 to \$6.50. Shrimplin Bros., Donovan, Ill., bought 1000 head 492 pound stock heifers last week, and R. L. Steben of Geneseo, Ill., took out an extra choice bunch of Angus springer cows at \$7.10, the highest price of the week.

## SPORTS.

**San Francisco, Cal., March 31.**—With four Australia and seventeen state records to their credit, the four athletes comprising the all-American track team arrived here today on the Steamer Wilhelmina, in perfect condition and ready to compete again in ten days.

Among the records brought home was a run made by James A. Power of the Boston Athletic association the day before the team left for America. Aside from the individual performance, the Americans won the team championships of Australasia and New South Wales. In the latter meet they won seven of the twelve events in which they started and placed in all the rest of the events.

Reginald Caughey of the Ukiah, Cal., high school broke the Australasian shot put record his mark being 35 feet 4 inches.

George Parker of the Stockton, Cal., high school, not only made an Australasian record of 11.45 seconds in the 120 yard dash but he took 11.5 seconds off the New Zealand quarter mile record, setting a new mark of 1 min. 41.5 seconds. Ruric Templeton of Stanford University put the Australasian pole vault record up to 11 feet 6 1/2 inches.

**Stack Shuts Out Terre Haute.**  
Terre Haute, Ind., March 31.—Stack pitched nine innings for the Chicago Nationals and shutout Terre Haute today while the Cubs made 15 hits for fourteen runs.

## AGED BISHOP DIES.

Concord, N. H., March 31.—Rev. William Woodruff Niles, D. D., LL. D., bishop of the Protestant Episcopal diocese of New Hampshire, died today, aged 82.

## WORLD'S LATEST FINANCIAL AND MARKET NEWS

### FORESHADOW EARLY DECISION IN RATE CASE; RESPONSE IS STRONG

Finding is Expected to Favor Railroads and News is Construed as Distinctly Bullish.

New York, March 31.—The extent to which the speculative situation is bound up in the freight rate cases was indicated by the course of the stock market today. The action of the inter-state commerce commission in expediting the rate cases foreshadowed an early decision and as the financial community expects that the decision will be favorable to the railroads the news was construed as distinctly bullish. The market responded strongly. Other influences were at work on the constructive side. Estimates of condition of winter wheat indicated a promising outlook.

Despite the hopes for better business entertained by brokers in the early part of the year trading thus far has been no heavier than in 1913.

### New York Grain Market

New York, March 31.—Wheat—Spot steady; No. 2 hard winter 98 1/2 ctf New York; No. 2 red 1.04 1/2 elevator; No. 1 Northern Duluth 1.00 1/2 and No. 1 Northern Manitoba 1.00 1/2. Futures were weak and heavy again owing to liquidation and bearish crop news and closed 1/4 ctf net lower. May 1.00 1-16; July 95 1/2; Sept. 93 1/2.

Corn—Spot easy; No. 3 yellow 74 1/2 ctf to arrive.  
Oats—Spot easy; standard white 45 1/2 ctf; No. 3 44 1/2 ctf; fancy clipped white 45 1/2 ctf.

### New York Money Market

New York, March 31.—Call money steady 1 1/2 ctf; ruling rate 2; closing 1 1/2 ctf.

Mercantile paper 3 1/2 ctf.  
Sterling exchange steady. Sixty days 4.8475; demand 4.8635.  
Commercial bills 4.84.  
Bar silver 58c.  
Mexican dollars 45 1/2 ctf.

### Pegoria Grain Market

Pegoria, March 31.—Corn 1/2 higher to 1/4 lower; No. 4 white 65; No. 3 yellow 65 1/2; No. 4 yellow 64 1/2; No. 3 mixed 65 1/2; No. 4 mixed 64 1/2; No. 2 white 40.

### BRILLIANT OUTLOOK BRINGS RADICAL BEARISH SENTIMENT

In Consequence of Total Lack of Exports There is No Good Reaction and Market Closes Heavy.  
Chicago, March 31.—Radical bearish sentiment as to wheat developed today because of the brilliant crop outlook and in consequence of the total lack of exports had no good reaction and the market closed heavy 3/4 ctf to 1c under last night.

Corn finished 3/4 ctf to 1c down and oats off 3/4 ctf to 1c. In provisions the outcome varied from 10c decline of an advance of 2c.

Corn grade became semi-demoralized as a result of the cheapest offers yet from Argentina. Besides westbound rail rates from New York were being cut in some particulars and there was no enlargement of the eastern inquiry for corn from here.

The weakness of corn and wheat was too much for the oats market. Depression was emphasized by the big stock here and by 90 per cent increase of acreage in Oklahoma. Provisions receded with grain. There was some substantial buying on the declines, though, believed to be for one of the leading packers.

## TAKE SODA IF FOOD SOURS IN ACID STOMACH

A well-known authority states that stomach trouble and indigestion is nearly always due to acidity—acid stomach—and not, as most folks believe, from a lack of digestive juices. He states that an excess of hydrochloric acid in the stomach retards digestion and starts food fermentation, then our meals sour like garbage in a can, forming acid fluids and gases which inflate the stomach like a toy balloon. We then get that heavy, lumpy feeling in the chest, we eructate sour food, belch gas or have heartburn, flatulence, water-brash, or nausea.

He tells us to get a package of 10 grain Sodagen tablets from any pharmacy and swallow one tablet anytime followed by a tumbler of water which instantly neutralizes these acids; stops food fermentation, absorbs the gases and sweetens the entire digestive system.

This suggestion should prove valuable to stomach sufferers here who can trace their indigestion to acidity. A local druggist is the authority that these tablets are entirely harmless being composed of Soda, Magnesia and Calcium Carbonate U. S. P.

## KILL THE CATARRH

### GERM—USE HYOMEL

It's the direct-to-the-spot method—you breathe it. Do not delay and continue to suffer from catarrh, head colds, bronchitis or sniffles. It is not only needless and annoys your friends, but dangerous to your general health.

Begin the Hyomel treatment at once. It is one of the easiest, quickest and surest ways to clear the head and quickly and permanently banish catarrh.

Hyomel being medicated air immediately reaches the sore and irritated membrane and tissues—its antiseptic and germicidal healing begins at once.

You will surely like Hyomel—its relief is not only immediate but lasting. Money refunded if you are not satisfied.

Get the complete outfit—\$1.00 size. Druggists everywhere sell Hyomel.

## DON'T GROW BALD

It's Quite Needless—Nourish the Hair Roots—Remove Dandruff—Use Parisian Sage.

If your hair is getting thin, losing color, or has that matted, lifeless and scraggy appearance, the reason is evident—dandruff and failure to keep the hair roots properly nourished.

Parisian Sage applied frequently for a week and then occasionally is all that is needed. It removes dandruff with one application; almost immediately stops falling hair and itching head; cleanses, cools and invigorates the scalp and makes dull, stringy hair soft, abundant and radiant with life. Equally good for men, women or children—everyone needs it.

This refreshing hair tonic can be had at any drug or toilet counter in 50 cent bottles only. Cover & Shreve always sell it with agreement to refund the money if you are not satisfied.

Get a bottle at once. Delighted users say Parisian Sage is the best and most invigorating hair tonic made.—Adv.

## CLEANSSES YOUR HAIR

### MAKES IT BEAUTIFUL

It Becomes Thick, Wavy, Lustrous And All Dandruff Disappears—Hair Stops Coming Out.

Surely try a "Danderine Hair Cleanse" if you wish to immediately double the beauty of your hair. Just moisten a cloth with Danderine and draw it carefully through your hair, taking one small strand at a time; this will cleanse the hair of dust, dirt or any excessive oil—in a few minutes you will be amazed. Your hair will be wavy, fluffy and abundant and possess an incomparable softness, lustre and luxuriance.

Besides beautifying the hair, one application of Danderine dissolves every particle of dandruff; invigorates the scalp, stopping itching and falling hair.

Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating, stimulating and life-producing properties cause the hair to grow long and beautiful.

You can surely have pretty, soft lustrous hair, and lots of it, if you will just get a 25 cent bottle of Knowlton's Danderine from any drug store or toilet counter and try it as directed.—Adv.

## HOW FRENCH PEOPLE

### CURE STOMACH TROUBLE

A household remedy of the French peasantry, consisting of pure vegetable oil, and said to possess wonderful merit in the treatment of stomach, liver and intestinal troubles, has been introduced in this country by George H. Mayr, who for 20 years has been one of the leading down town druggists of Chicago, and who himself was cured by its use. So quick and effective is its action that a single dose is usually enough to bring pronounced relief in the most stubborn cases, and many people who have tried it declare they never heard of anything to produce such remarkable results in so short a time. It is known as Mayr's Wonderful Stomach Remedy and can now be had at almost any drug store. It is now sold here by Armstrong's Drug Store.—Adv.

Miss Annael Crum of Peoria Boulevard, spent last week visiting friends in Concord.

Last Thursday, Mr. King of Virginia unloaded a fine piano of the King brand, at the home of Mr. and Mrs. Robert McFarland, on Rail Road street, for their daughter Mary.

Through the kindness of Mrs. C. A. Beavers, we have received, for our office table, a beautiful bronze souvenir, or unique design; a wreath of pansies finishes the edge—while the center has raised pictures in steel work. Mrs. Beavers found this pretty ornament at Hot Springs, Ark., and thought of her friends in Litchberry; we are very thankful to be remembered thus.

We noticed that Grandma Henderson was planting her potatoes the early part of last week; she said the sign was right, and that they must go in the ground. Of course, grandma could sit in her rocking chair and let some one else do the work while she bossed the job, but that doesn't suit her; she likes the out door life and works with ease and perhaps that is the reason she is able, at the age of eighty four years, to do such work. We hope she may live to plant and enjoy many more gardens.

About the finest number on the social program of our town during the season, was pulled off at the hospitable home of Mr. and Mrs. G. T. Litch, on Michigan avenue, last Wednesday evening. Miss Georgia, their daughter gave a six o'clock dinner to about twenty young friends. The peculiarity of this affair was the unique manner in which she dressed the table. In the center was a large oval mirror banked in green grass, representing a pond; several ducks floated on this pond in perfect safety, and the delusion was so well carried out that the guests thought a real duck pond was on the table; at each plate was placed a tiny nest containing little eggs of different colors; these, with the pretty china, silver and glass-ware, made an attractive spread. We will not try to describe the dinner, only to say that it was one of those Litchberry dinners, full grown, and if the quality was up to the standard of example of fine cake and candy, that was sent to this office next morning, it was a perfect success; it could be nothing else, for the originator is one of the finest girls in our little town.

Our people went to Sunday school Sunday morning in the rain, but were well paid for their trouble. Our genial superintendent said a whole lot of nice things to us on the effort we made, and was well pleased to see a full attendance on such a wet day. The special fell to the woman's class, number 2, and they certainly did not disappoint any one. Mrs. Al Dunlap gave a good reading. She read clear and distinct and we all enjoyed it. The class then sang "He Will Hide Me" in a very feeling and perfect manner. They were applauded by the audience for their labor. Mrs. Durrell Crum was the pianist.

The Misses Lora and Evaloe Petefish of Spring Grove Place, on West Capitol street, gave a pleasant call at Sunshine cottage Sunday afternoon.

Rev. A. R. VanFossen, superintendent of Springfield district of the anti-saloon league, came down Sunday night and gave us one of the straightest talks on saloon business, manhood, womanhood, good citizenship, duty and christianity, that our people have heard for many a day. The reverend gentleman made the question plain in well chosen language that any one could understand. His sermon was sure refreshing and full of information and our people were pleased with the speaker's sincerity and earnestness.

## DR. CARSON

Chicago Specialist

In the treatment of Chronic Diseases, will be at the Dunlap Hotel, Jacksonville, Illinois, Wednesday, April 1, 1914, one day only. (Returns every 28 days). Hours, 8 a. m. to 4 p. m.

Fourthcenth Successful Year in Jacksonville. Consultation and Examination Free

I treat successfully the cases I undertake and accept no fee from those who are incurable. That is why I continue my visits year after year, while other specialists make only a few visits and cease to return.

IS THIS THE WAY YOU FEEL?

Tired in the morning and easily excited? Are you dizzy or nervous? Pain in the head? Tongue coated? Have you Catarrh—nose stopped up? Gas on the stomach? Hands and feet cold? Pain of hands moist? Have you a dull, dragging pain or ache of the body, back or limbs? Have you Rheumatism? Have you Flatulency? Piles—itching or bleeding? Have you kidney or bladder trouble, lame or weak back, pains in back or joints? Have you any blood disease—scrofula, skin eruptions, pimples, nose pains, pale complexion and losing weight?

I invite you to call and investigate the Carson System of the treatment of Chronic Diseases, which I have perfected after fifteen years of experience and study, and you will be convinced that my modern, up-to-date methods of curing disease are what you need.

Never before has there been a treatment giving such universal satisfaction. Every sufferer is cordially invited to call and secure full details concerning this new treatment free of charge.

REMEMBER DATE OF VISIT.

Come early as parlors are always crowded.

A friendly call may save you future suffering; it has made life anew to thousands who had been pronounced beyond hope.

## DRAMATIC FEATURE OF TOLLS CONTEST

SPEAKER CLARK'S STIRRING SPEECH IN THE HOUSE.

Brilliant Outburst of Oratory Closes Argument for Opponents of Canal Tolls Exemption Repeal Bill—Declares There is no Personal Issue Between the President and Himself.

Washington, March 31.—Speaker Champ Clark's stirring speech in the house today closing the argument for the opponents of the canal tolls exemption repeal bill was one of the most dramatic features of the contest. The speaker said in part:

"Mr. Speaker, there is no personal issue between the president of the United States and myself. There has not been at any time. I trust there never will be.

"I have never for one moment entertained the opinion that President Wilson is actuated by other than the highest patriotic motives. President Wilson does not desire a breach in the Democratic party. I do not desire a breach in the Democratic party and there is no breach in the Democratic party.

"In a New York World article those of us who stand for American rights as against British domination are assailed for 'bolting' the president. Merciful God! What an idiotic phrase! I have heard of men bolting platforms and of bolting nominees but who ever heard before of anybody bolting a man in office?

"I refuse absolutely to have my Democracy measured by the weathercock (World).

"I have been a Democrat all my life. I expect to die in that faith. 'The World's insinuation that I am influenced by ship subsidies is too contemptible for consideration. Everybody, including the World, knows that from my first entrance here I have fought all ship subsidy propositions tooth and nail.

"Not satisfied with the foregoing slanders, it attributes the fact that I am standing on the Baltimore platform to the fact that I have not forgotten the Baltimore convention.

"It will surprise these timber-backed incense swingers to know what I have uniformly told those who have suggested my candidacy in 1916, and it is this, 'If President Wilson makes a success of his administration he will be re-nominated and re-elected in 1916; but if he makes a failure, which God forbid, the nomination will not be worth having.'

"I never entertained the slightest ill will toward the president about the Baltimore convention. I wish him well.

Will Stand by Pledges.

"I have this to say: the fact that I am making this fight for our platform pledges may end my public career. There are many things worse than being defeated for congress or even worse than to be defeated for the presidency and one of them is to repudiate the platform on which you are elected.

"I can be happy without the presidency. I can be happy without the speakership.

"One thing dead sure, when I do go out of public life, whether next year or twenty years hence, it will be with my integrity unimpaired and my self-respect intact.

"I have no criticism to make on the Democrats who are going to vote for repeal. I have co-operated with them so long, we have lost and won together so often, it is with genuine sorrow that I cannot see as they see.

"So far as the gentleman from Georgia (Mr. Hardwick) is concerned, I say, 'shoo fly, don't bother me. Shoo fly! don't bother me.'

"I assume every member will vote the way his intellect, and conscience dictates, but why should I be denied the same privilege? No man here should be a 'rubber stamp' congressman.

"On the 14th day of August, 1893, I made my first speech in the house. On that occasion, as on this, a platform figured in the proceedings. Among other things I said:

"I am a Democrat. I stand by the platform—by all of it—by every jot and tittle of it."

"I have stood by that declaration ever since, now almost twenty two years. I stand by it now.

"To whom does the Panama canal belong anyway? To the United States of America. We built it at the enormous cost of \$400,000,000. We built it on American soil, we have fortified it, we will control it.

"Who fought the building of the canal for fifteen long, wearisome years? The trans-continental railroads.

"Who would be the chief beneficiaries of this repeal bill? The same trans-continental railroads—the Canadian Pacific and Tehuantepec National railway heading the list.

Cannot Repudiate Declaration.

"I am willing to follow where the president leads so long as he is in the white house and so long as he does not ask us to repudiate a plain platform declaration.

"The declaration in favor of free tolls for our coast-wise trade was writ large in the Baltimore platform. It is in these words:

"We favor the exemption from tolls of American ships engaged in coast-wise trade passing through the canal."

"We went to the people on that platform; headed by President Wilson himself. We all endorsed it, standing on it we appealed to the voters of the land for their support; and they responding, enabled us to sweep the land from sea to sea by amazing majorities in the electoral college.

"We most earnestly desire peace with all nations, we will buy peace from none. In the memorable words of the immortal Pinckney 'millions for defense, but not one cent for tribute.'

"We are asked to grant to Great

Britain, whom we defied and defended in our infancy and whom we defied again and defeated again in our early youth in the war of 1812, concessions grounded in injustice and humiliating in character—speech upholding the contentions of been abandoned by Great Britain until Senator Elihu Root made a speech upholding the contentions of that foreign power.

"We want war with no nation, but rather than surrender our right to our complete sovereignty over every square foot of our globe-encircling domain, we will cheerfully and courageously face a world in arms. 'The amazing request of the president for the repeal, like the peace of God, passeth all understanding. If he has any reasons which are not utterly untenable and which impelled him to make the request he has not vouchsafed them to us as a body.

Entitled to Know Reasons.

"With all due deference to the president it seems to me that we are entitled to those reasons before bolting a Democratic platform. In his message one reason assigned by the president was in these words:

"That exemption constitutes a mistaken economic policy from every point of view."

"But it is not 'a mistaken policy.' If so, is not our policy from the very beginning of shutting all foreign ships out of our coast-wise trade, also 'a mistaken economic policy'?

"Most assuredly the 'mistaken economic-policy' reason of the president is untenable and fades away before the stubborn facts of our history.

"As that is a disputed point, why not amend this bill so as to continue the present law with the exemption section for two years or suspend it for two years?

"A second reason for the repeal assigned by President Wilson is that the exemption of our coast-wise trade from the payment of tolls is 'in plain contravention of the treaty with Great Britain concerning the canal concluded on Nov. 18, 1901. Of course the president believed that or he would not have said it, but he was mistaken.

"Certainly the president has never read the Olsen against Smith decision by our court of last resort or he never would have concluded that the exemption of tolls on our coast-wise trade was in plain contravention of our treaty with Great Britain.

"If we have entered into an engagement which forbids us to manage our own affairs, then we must abide by it, however foolish or unnecessary that engagement may have been.

"But have we? Here opinions, honest opinions differ; and mind you, not only Americans, but British opinions.

"The plain, unvarnished truth of history is that from the beginning to the present hour, what we do about our domestic trade, which includes the coast-wise trade, we have considered solely as our business and that foreign nations have absolutely nothing to do with it. It is none of their business what we do with it.

Abandonment of Monroe Doctrine.

"The repeal means the practical abandonment of the Monroe doctrine which we forced into the code of the international law which the American people will maintain at all hazards.

"James Monroe stated the Monroe doctrine very modestly. We were modest folks then, but the Monroe doctrine has grown with our growth and strengthened with our strength.

"I would rather see the canal walled up than give Great Britain control of it. I had rather see it filled up with granite boulders than to yield one iota of control over it to any foreign nation.

"Now may the God of our fathers who nerved 3,000,000 backwoods Americans to fling their gage of battle into the face of the mightiest monarch in the world, who guided the hand of Jefferson in writing the charter of liberty who sustained and starving army amid the awful horrors of Valley Forge and who gave them complete victory on the blood-stained heights of Yorktown, may he lead members to vote so as to prevent this stupendous folly—this unspeakable humiliation of the American republic."

### OBITUARY.

Margaret (Ryan) Maloney was born in St. Louis, Mo., Dec. 6, 1864 and came to Scott county, when one year old with her mother and brother Daniel, and two sisters, Mary and Elizabeth. Mary became the wife of Michael Guanne of Alsey, Ill., and Elizabeth married John Quirk of Urbana, Ill. Her father having died in St. Louis, mother, brother and sisters have also preceded her in death. On January 29, 1899 she was married to Luke J. Maloney at Murrayville, Ill. Nine children blessed this union, viz: Julia Anne, Daniel J., Thomas F., Mary Elizabeth, Ellen Loretta, Margaret Agnes, Florence Cecelia, who died Oct. 23, 1902, Luke James and Rosa May. All are at home except Daniel who lives in Manchester.

Mrs. Maloney had been in poor health for several years, but was a most patient sufferer, thankful and grateful for all little acts of sympathy and kindness shown her. She was a loving and faithful wife, a devoted mother and a true friend and neighbor. It is sad indeed that she should be taken from this home where she was so sorely needed but the all wise Father saw fit to call her home and what is our loss is her eternal gain. She passed peacefully away, March 26 at 12:30 noon.

Funeral services were held at St. Bartholomew's church, Murrayville, of which she was a faithful member. The large gathering of friends and neighbors who faced the inclement weather and muddy roads to pay a last tribute to her and sympathy to her family, showed the esteem in which she was held. The bearers were J. C. and M. L. Robinson, D. J. Reardon, John McCabe,

### APRIL 20 SET AS DATE FOR BEGINNING CLEAN UP WEEK

Further Plans Made Tuesday by Committee in Session at Ayers Bank Building—How Richmond, Va., Cleaned Up.

At a session Tuesday afternoon in the Ayers bank building of the committee in charge of arrangements for the "clean-up" campaign, the week of April 20 was designated as the time and further plans were discussed for the carrying on of the work. Committee are in course of selection to have charge of the campaign in the different wards and to enlist the aid of the school children of the city. Besides the work of cleaning up, attention will be given to the bettering of the appearance of premises, lots, etc., in need of improvement and to this end prizes of grass seed and flower seed will be offered for the school children who have part in the work. The committee will meet again April 7, in the bank building at 3:30 in the afternoon.

**Clean-Up Week in Richmond.**

"Richmond, Va., has a remarkable clean-up campaign last spring, which was so thorough that never in the memory of any of its citizens had the city been so free from dirt and rubbish," says Gustavus A. Weber, secretary of the Society for the Betterment of Housing and Living Conditions in Richmond in the current "American City." The success of the campaign was due to efficient co-operation between the city authorities, the citizens' organizations, the newspapers and the school children. No extra expense was incurred by the city government, and the cost to the citizens for stationery, printing and postage was \$40. The census of 1910 gives Richmond a population of 127,628.

Circulars were issued and distributed to every dwelling and business house in the city. The city was divided into sections and each visited in turn by men with teams under the supervision of the superintendent of street cleaning who had in his employ all the men and teams he could secure from the other city departments. Lectures calling attention to the significance of the campaign were given by the teachers in the schools to the pupils and a school holiday was given in each section of the city on the day designated by the superintendent of street cleaning. A number of public meetings were held under the auspices of the Society for the Betterment of Housing and Living Conditions.

"The superintendent of public schools distributed cards to all of the public school children on which they could certify, if they so desired, that they had assisted in cleaning up their premises and they would endeavor to keep Richmond clean. A set of pamphlets on cleanliness and sanitation was supplied to each teacher by the health department. Of 1,418 certificates distributed by the superintendent, 10,182, or 88 per cent., were signed by the pupils. The Boy Scouts also participated, not only by cleaning their own premises, but by attacking vacant lots and in the outlying sections, the streets and alleys also."

### AMERICAN FISHING SCHOONER CONFISCATED.

Vancouver, B. C., March 31.—The American fishing schooner Vallant, which was captured May 11, 1913, by the Canadian fisheries protection sloop Joliffe, was declared confiscated today in the admiralty court. The Vallant was seized by the Joliffe off the northern end of Vancouver island where she was alleged to have been fishing close in shore. She was raced for the open sea when the Canadian vessel went into sight, but was overhauled.

### MORTUARY

#### Mader.

Mrs. Nicholas Mader, one of the well known citizens of Winchester, died Tuesday morning at 2:30 o'clock following a stroke of apoplexy, which she suffered Monday morning. She was 75 years of age and her husband has been dead fourteen years. She leaves the following children, Mrs. Carl Miller, Charles Mader of Winchester; Allie, who is married and residing in California; Mrs. William Callans, of Astoria.

The funeral will be held probably Thursday.

#### Morgan.

Mrs. C. B. Ator received the sad news yesterday of the death of her nephew, Rev. Loren Wright Morgan, who died suddenly Sunday near Pekin. He will be buried today at Chandlerville. He is survived by his wife and three children, a brother Edward, residing in Kansas City and a sister, Mrs. Ben Blanchard of Des Moines, Iowa.

He was a pastor of the Baptist church and had been in the ministry fifteen years, being 40 years of age at the time of his death. About a month ago he left the pastorate of a church near Alton to accept the position near Pekin. He had a number of friends in Jacksonville who regret to learn of his death.

### FUNERALS

#### Dickinson.

Funeral services for Percy Dickinson were held at the Lyndville Christian church Tuesday morning at 11 o'clock in the presence of a large number of relatives and friends, including a number of members of Matt Starr Post, G. A. R., of this city. The services were conducted by Rev. Frank L. Bowen of Kansas City, a former pastor of the church, assisted by the present pastor, Rev. G. W. Burnett. The sermon contained a beautiful tribute to the life of the deceased. Music was furnished by a quartet composed of Mrs. C. H. Gibbs, Mrs. Margaret Heaton, Fred J. Schofield Jr., and Wesley Ambell Jr., with Miss Gertrude Ranson as pianist. They sang "My Jesus As Thou Wilt," "Beautiful Isle of Somewhere," and "Saved by Grace." Mr. Ambell sang as a solo, "Rest Soldier, Rest." There was an abundance of beautiful flowers which were cared for by Misses Carrie Campbell, Pearl Fligg and Nellie and Gladys Gibbs.

Interment was made in the Lyndville cemetery and the commitment services were in charge of Matt Starr Post of this city. Benjamin Woodcating as commander and E. Goheen as chaplain. The bearers were: H. M. Andre, C. H. Gibbs, David Foster, L. M. Shurtliff, W. E. Rawlings and Leonard Mills.

Among those from a distance there to attend the services were: Mr. and

Mrs. George Dickinson of Monticello, Mrs. Snyder of Champaign, Mr. and Mrs. John Dickinson of Princeton, Rev. F. L. Bowen of Kansas City, Mr. and Mrs. Gresham Jackson of Chesterfield, Mrs. Jesse Cox, Mr. and Mrs. Frank Gracey and Mrs. Mary Shepherdson of Modesto. Members of Matt Starr Post of this city who attended were Benjamin Wood, L. Goheen, C. R. Taylor, Robert Mawson, T. Jordan, George Wall, John Minter, Henry Stevenson, Robert Stevenson, E. C. Scott, Alexander Armstrong, J. Becker and F. M. Coard.

#### Jepson.

The funeral of Edward J. Jepson was conducted from the Church of Our Savior, Tuesday morning at 9 o'clock, in charge of Rev. Father Formaz. Interment was made in Calvary cemetery and the bearers were Messrs. Louis Steer, Marlin Kinney, James Cox, John Ward, Meses Topping and Frank Shannon.

The funeral services of Lee Bavington were conducted Sunday afternoon at 2:30 o'clock from the family residence in Chicago, in charge of Rev. James L. McBride, pastor of Rogers Park Presbyterian church. There was a large attendance including a number of employees of the Hanan Shoe company where the deceased was employed. The bearers were Messrs. Young, Parkinson, Bethel, Sullivan, Rosenzweig and Ernest Reid. Interment was made in the vault of Rose Hill cemetery. It is expected that the remains will be brought to Jacksonville later. There were many beautiful flowers sent by friends. Mrs. L. P. Bauman and Miss Louise Hillgass, sisters of Mrs. Bavington attended the services.

### GEM NOW OPERATING UNDER NEW POLICY

Five Cents Admission is Charged To Both Groups and Children—High Class Film Service With a Daily Feature.

The new policy inaugurated at the Gem theatre on the north side of the square, by Messrs. Rees and Gorman is bringing big crowds to that popular theatre. The price of admission is now five cents to everybody and each day's program is one of great excellence. The General Film Company service is used and so each day's program is so varied and high class that everybody is pleased. There are films that teach good lessons, films that make you forget your troubles in laughter and still others which simply from their heart interest drive dull care away.

Today's program is just a fair example of the good things the Gem offers its patrons. The special feature is "Officer John Donovan" with Norma Talmadge, Van Dyke Brooke and Leo Delaney in important roles. Then there is "The Cynic" and "The Winning Hand" and finally "Old Doc Yak."

### DISCUSSES CORRECT METHODS OF TREE AND SHRUB PLANTING

F. J. Heintz Gives Results of Extended Experience and Observation—Speaks at Library on "Back to the Land on a Town Lot."

"Back to the Land on a Town Lot," was the subject Tuesday evening of F. J. Heintz, cashier of the Farmers' State Bank and Trust Co., who gave an interesting lecture at the public library on landscape gardening methods and the right selection and planting of ornamental shrubs, vines and trees. Mr. Heintz is eminently qualified to speak on this topic and his address at the library bore testimony of an extensive acquaintance with topics horticultural. His talk was the continuation of an address of the same title which he gave at the public library last year.

"Naturalness" is the key not of Mr. Heintz's advice to the beginner. Native trees and shrubs are to be preferred to the imported varieties and arrangements in miscellaneous groups as the plants grow in the forest is to be preferred to planting in artificial diagonals and squares. "Trade with reliable firms and give old, standard kinds of plants the preference. Do not plant too close and give the tree or vine plenty of root space."

Mr. Heintz gave a discussion of botanical names and their origin, urging horticulturists to become as familiar with botanical nomenclature as possible. Such knowledge will protect the buyer many times against fraud and is almost necessary for the identification of many plants.

#### Plant Native Varieties.

Among the native varieties suitable for beautifying one's yard or grounds are the hackberry, the red-berry, the red, the common elderberry, the wahoo or burning bush and the flowering dogwood. Among evergreens are the hemlock spruce, the white pine and the arbor vitae. The climbing rose, the Virginia creeper, the moonseed, the trumpet flower and the climbing bitter sweet are among the hardy native vines. Among suitable trees of larger growth are the elm, the Kentucky coffee tree, the sycamore, the white ash and green ash, the horse chestnut and the pin oak. The red and the white mulberry, the hardy catalpa, the Norway maple, the tulip and the European larch were among additional trees recommended by the speaker as having many desirable qualities.

"A number of varieties have objectional qualities however and are to be guarded against. Among them are the Alantinus or tree of heaven. This tree is exceedingly noxious when in bloom and spreads without restraint. The soft maple and the box elder are to be avoided as the former breaks easily in storms and the latter is short lived and dirty. The Carolina poplar has deceived many. It is a quick growing tree but loses its leaves early and is hard to keep trimmed.

"The elders, the red snowberry, the viburnums, the spiraea, the hazel nut and the witch hazel, are shrubs of hardy growth and good appearance. As a hedge-maker there is nothing to compare with the Japanese barberry. It is clean and has attractive foliage and its red berries last the whole winter through. Besides, its thorns make it valuable as a hedge plant. There have been a number of privet hedges planted in Jacksonville within the last twenty years and handsome hedges they make, but they have a way of dying suddenly and on realizes some fine spring day that the privet which has grown so beautifully for five, or even eight years is dead as can be."

### PYTHIANS GATHER AT BEARDSTOWN

SPECIAL TRAIN CONVEYS JACKSONVILLE DELEGATION

Royal Entertainment Provided by Beardstown Lodge for Five Hundred Knights Present—McCarthy's Arabs Put on Drill—Roodhouse Gets Next Meeting Place.

Five Hundred Knights of Pythias were in attendance at the tenth district meeting, including the counties of Morgan, Cass, Scott and Greene, which convened Tuesday afternoon and evening in Beardstown. Jacksonville sent over 100 delegates, who made a trip on a special train, which left Jackson at 5:30 and arrived home at 11:50. Some fifteen members went in the morning to be present at the business session which was held at 2:30 o'clock.

Beardstown certainly outdid herself in the entertainment of the many guests and all voiced the statement upon returning home last night that it was the best gathering of its kind in the history of the local organization. When the special train arrived the Beardstown band greeted them and a line of parade was formed, the guests being escorted to the hall by automobiles. The Beardstown committee had everything so perfectly arranged that the entire proceedings went off without a break and the special train home arrived just before midnight.

The business session was in charge of Grand Chancellor William K. Whitfield of Decatur, assisted by L. B. Turner of this city, district deputy. Guy Paul of Winchester was elected district deputy to succeed L. B. Turner and Harry Bell of White Hall was chosen secretary of the district. Roodhouse made a strong bid for the convention next year in a unique manner and received a majority of the vote. The deputies for the various counties named follows:

Morgan county—Thomas H. Crane, Waverly.  
Cass county—Walter L. Stanton, Virginia.  
Greene county—A. E. Cleveland, White Hall.  
Scott county—C. A. Howard, Winchester.  
The Grand Lodge Rank was conferred on the following past chancellors: George H. Bundy, Roodhouse; H. C. White, Jacksonville; Charles H. Deitrick, Rushville; Jewell Scott, Jacksonville; Isaac Lewis, Rushville; W. R. Turnbull, W. H. Rohrer, Waverly. Reports were read from the various lodges of the district.

Evening Session.  
A program of special merit was given at 7:30 o'clock in the Methodist Episcopal church. While the church was filling a chorus of 100 voices under the direction of Prof. A. L. Carter gave a number of songs. The following was the program:  
Invocation—Rev. Mr. Byrns.  
Song—Beardstown High School quartet.

Address of Welcome—Judge William Dieterich, Beardstown.  
Address—Grand Chancellor W. K. Whitfield, Decatur.  
Duet—Mrs. Martha Schaar Benson and Miss Johanna Brodman.  
Address—H. P. Caldwell, Chicago, grand keeper of records and seals.  
Solo—John Green, Beardstown.  
Address—J. J. Reeve, Jacksonville, grand master of arms.  
Duet—Mrs. E. T. Hunter and Mrs. C. O. Schweer.  
Address—Rev. Mr. Hendrick, Nashville, Tenn.  
Solo—Evangelistic singer, A. L. Carter.

Banquet and Toasts.  
After the program at the M. E. church the guests repaired to the Congregational church where they partook of a sumptuous banquet. The Pythian sisters had charge and many compliments were passed upon the excellence of the menu.

Prof. H. G. Russell was chosen toastmaster and before introducing the various speakers gave a most inspiring address upon "Fraternalism." The following was the program:

"The Paternity of Fraternalism"—Clifton Hatch, superintendent of Pythian home, Decatur.  
"The Brotherhood of Fraternalism"—Major E. N. Wright, member of Pythian home board, Taylorville.  
"The Sisterhood of Fraternalism"—J. W. Carter, former member of the Pythian home board.  
"Effect of Fraternal Work of the Deputy"—L. B. Turner, district deputy grand chancellor, Jacksonville.  
"Effects of Fraternalism on the Home"—S. L. Von Fossen, grand outer guard, Beardstown.  
"Fraternalism in Business"—Thomas K. Condit, Beardstown.  
"Representing Fraternalism in Convention"—W. G. Smith, grand representative, Beardstown.  
Following the banquet the Knights went to Castle hall where a social hour was spent and a smoker held.

**FIVE INCH GUN IS DAMAGED.**  
New York, March 31.—The call of a board of inquiry today at the New York navy yard, revealed that the stern five inch rifle of the Dreadnaught New York was damaged Saturday night when the wheel house of a tug boat was driven against the vessel, knocking the big gun out of bow.

The report of the board of inquiry relative to the blame for the accident will be sealed and sent to Washington.

**KILLED BY EXPLOSIONS.**  
Parkersburg, W. Va., March 31.—Three men were killed and one seriously injured by explosions in the oil fields in the Roan county today.
